

## Doomsday Engine - Feature #1749

### Built-in effects should come in resource packs

2014-04-16 20:01 - skyjake

<b>Status:</b>	New	<b>Start date:</b>	2014-04-16
<b>Priority:</b>	High	<b>% Done:</b>	0%
<b>Assignee:</b>	skyjake		
<b>Category:</b>	Cleanup		
<b>Target version:</b>	3.0		
<b>Description</b>			
All the effects and resources that Doomsday adds in the default, built-in distribution should be packaged in resource packs that can then be managed with the upcoming internal package manager. However, these resource packs can still be included in the Doomsday distribution so that there is at least some basic effects provided in a basic install.
