

Doomsday Engine - Bug #2328

Not all official releases of IWADs are recognized (e.g., older than v1.9)

2019-04-25 03:08 - Zarky

Status:	New	Start date:	2019-04-25

Resources|libdoomsday: Detecting DOOM2.WAD v1.7 and v1.7a

The versions 1.7 and 1.7a are similar enough to not require separate entries.

The detected package is numbered 1.7 in either case.

This looks like a nice resource, thank you.

However, it should be noted that even if Doomsday recognizes all these versions, they may not work exactly right because the code expects the latest (e.g., Doom 1.9) WADs.
