

Doomsday Engine - Feature #2371

[macOS] Update Qt framework to 5.12 LTS

2019-12-15 08:09 - skyjake

Status:	Closed	Start date:	2019-12-15
Priority:	Normal	% Done:	100%
Assignee:	skyjake		
Category:	Enhancement		
Target version:	2.2 (2019)		
Description			
The macOS build has been using a rather outdated version of the Qt framework, it should be updated to the LTS version.
