

Doomsday Engine - Bug #896

Console background flicker during fade in with resize

2010-04-15 09:51 - vermil

Status: Closed	Start date: 2010-04-15
Priority: Normal	% Done: 100%
Assignee: danij	
Category:	
Target version: 1.9.0-beta6	
Description It seems that the console background flickers on ATi video cards, if one resizes the console whilst it is fading in.

Not ATI specific. I can replicate the issue on my NVidia GTX 8800.

#2 - 2010-04-18 01:17 - danij

Fixed for 1.9.0-Beta6.10
